EDUCATION

VIT Bhopal University

BTech Computer Science and Engineering
CGPA: 8.58 on a scale of 10.00

Bhopal, Madhya Pradesh

Oct 2022 - Jun 2026

Kendriya Vidyalaya Vikaspuri

Class XII (CBSE) Grade: 92%

Class X (CBSE) Grade: 91%

New Delhi

Apr 2022

Apr 2020

TECHNICAL SKILLS

Languages: Python, SQL

Data Analytics and Visualization: Excel, numpy, scikit-learn, pandas, matplotlib, seaborn, PowerBI, Tableau

Databases: MySQL, MongoDB

Cloud & Tools: AWS, Docker, N8N, Git, GitHub

UI/UX: Figma, Canva

EXPERIENCE

Winter Internship – India Space Lab

Dec 2024 – Feb 2025

- Completed an intensive 4-week training in aerospace engineering, designing and analyzing UAVs, CubeSats, and CanSats using CFD, FEA, communication protocols, and sensor integration (BMP280).
- Conducted Digital Twin simulations of eVTOL aircraft, identified three critical propulsion system failure points, and presented actionable insights to senior engineers, influencing design improvements in key components

Web Development Intern – Prodigy InfoTech

Dec 2024 – Jan 2025

- Implemented multiple frontend projects including a portfolio website, interactive Tic-Tac-Toe game, stopwatch, and responsive landing page using HTML, CSS, and JavaScript.
- Enhanced expertise in responsive design, DOM manipulation, debugging, and UI/UX principles while applying best practices for clean, maintainable, and user-friendly web applications.

PROJECTS

Supply Chain Analytics using AI Tools

Tech Stack: Python, PostgreSQL, Supabase, N8N, Quadratic AI, Excel

Mar 2025

- Developed an AI-driven supply chain analytics workflow integrating Quadratic AI with N8N automation to streamline data processing across 1000+ records, reducing manual effort.
- Engineered Excel data import into PostgreSQL on Supabase, improving data accuracy by 50%.
- Leveraged AI tools for data cleaning and analysis, delivering actionable insights that enhanced supply chain decision-making efficiency.

Sales Insights Dashboard using PowerBI

Jan 2025

Tech Stack: PowerBI, MySQL, Excel, Data Modeling, KPI Analytics

- Designed a Power BI dashboard leveraging 150,000+ MySQL records for real-time sales analytics.
- Structured and refined datasets into meaningful visual insights for strategic decision-making.
- Enhanced interactivity with filters and drill-down capabilities, enabling data-driven marketing across 5+ business units.

ACTIVITIES

Health Informatics Club

VIT Bhopal

Vice President

Jul 2024 – Aug 2025

- Led the Event Management Team for the Health Informatics Club, overseeing a team of X members and coordinating 10+ events with 200–500 participants.
- Planned logistics, delegated tasks, and streamlined workflows, ensuring 100% on-time delivery and smooth execution of events.
